

# Poly Conference Phones

Bring people together and move your business forward with crystal-clear calls.

Make it feel like everyone's together in the same room. The Poly conference phone collection is the gold standard for speakerphone technology that delivers the clearest sound to every participant, in every location. Our advanced audio innovations allow each conference phone to intelligently adapt to different room environments. So everyone can hear and be heard, even when more than one person talks at a time. You'll eliminate confusion and enhance productivity. Not a single word—or opportunity—gets missed.

- Patented acoustic technologies: Enterprise-grade audio quality lets everyone contribute and be heard in every conversation
- Specialized conference call equipment: Quickly and easily customize your systems to meet your conference room needs
- Audio innovations: Constant improvement and innovation help you continuously enhance your voice conferencing experience

## Polycom Trio 8800

### Conference phone for any meeting space

The Polycom Trio 8800 is the conference phone re-imagined. A large color touchscreen and intuitive gesture-based navigation make it easier than ever to join a call. Polycom's NoiseBlock™ technology automatically eliminates non-speech background noise so you'll hear every word clearly. With its award-winning design, the Trio 8800 is ideal for any meeting space that needs the best audio experience, from the huddle room to the board room.

### Key Features

- 20-foot microphone pickup; expandable with optional expansion microphones
- 5" color LCD touchscreen display (720 x 1280)
- Three illuminated mute buttons (one on each leg)
- Integrated Power over Ethernet (PoE) for easy installation
- Two-port Gigabit Ethernet switch — 10/100/1000Base-TX across LAN and 2nd port
- USB port to connect your personal devices
- Automatic provisioning and setup by TPx

## Polycom Trio 8500

### Conference phone for small to midsize rooms

Getting conference calls started shouldn't be hard, frustrating or time consuming. With the simple-to-use Polycom Trio 8500, you'll easily start calls on time, every time. The Trio 8500 is designed for smaller rooms, but it's packed with big features like a large color touchscreen and noise reduction. And with HD Voice technology, you can be sure every syllable is crystal clear.

### Key Features
