**APPLICATION OF TARIFF**

This tariff sets forth the service offerings, rates, terms and conditions applicable to the provision of facilities-based competitive local exchange services by DSCI LLC ("DSCI"), hereinafter referred to as the Company, to Customers within the Commonwealth of Massachusetts. DSCI's services are furnished subject to the availability of facilities and subject to the terms and conditions set forth herein.

This tariff is on file with the Massachusetts Department of Telecommunications and Energy. In addition, this tariff is available for review at the main office of DSCI LLC, at 303 Wyman Street, Waltham, Massachusetts 02451.

**SERVICE AREA MAP**

DSCI LLC will provide intrastate toll service through the State of Massachusetts and local exchange service in areas currently serviced by Verizon-Massachusetts. Local calling areas are as defined in Section 3 of this tariff.

---

**TARIFF FORMAT**

A. Page Numbering – Page numbers appear in the upper right corner of the page. Pages are numbered sequentially. However, new pages are occasionally added to the tariff. When a new page is added between pages already in effect, a decimal is added. For example, a new page added between pages 14 and 15 would be 14.1.

B. Page Revision Numbers – Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current page version on file with the Department. For example, the 4th revised Page 14 cancels the 3rd revised Page 14. Because of various suspension periods, deferrals, etc., the most current page number on file with the Department is not always the tariff page in effect. Consult the Check Sheet for the page currently in effect.

C. Paragraph Numbering Sequence – There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:

- 2.
- 2.1.
- 2.1.1.
- 2.1.1.A.
- 2.1.1.A.1.
- 2.1.1.A.1.(a).
- 2.1.1.A.1.(a).I.
- 2.1.1.A.1.(a).I.(i).
- 2.1.1.A.1.(a).I.(i).(1).

D. Check Sheets – When a tariff filing is made with the Department, an updated Check Sheet accompanies the tariff filing. The Check Sheet lists the pages contained in the tariff, with a cross reference to the current revision number. When new pages are added, the Check Sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (\*). There will be no other symbols used on this page if these are the only changes made to it (i.e., the format, etc., remain the same, just revised revision levels on some pages). The tariff user should refer to the latest Check Sheet to find out if a particular page is the most current on file with the Department.
