

International Services Rates

Effective: February 28, 2005

Rates in this schedule are only available to former Pac-West Telecomm, Inc. customers as of February 28, 2005 in California and Nevada...

Description of Service

The Company provides voice telephone communications, international travel card service, and prepaid international service. These services provide voice telephone communications from points throughout the contiguous United States to international locations as specified in the following pages. These services are available twenty-four (24) hours each day, seven (7) days a week to former Pac-West customers subscribing to this service.

Usage Plans

The Company offers four (4) International Rate Plans.

- Standard Rate Plan
- European Rate Plan
- Asian Rate Plan
- Most Popular Country Plan

Regulations

- There is No Additional Monthly Recurring Charge for these International Rate plans
- International Business Rate Plans may not be combined
- Customers may change Rate Plans at any time at No Charge, but may only have one Rate Plan at a time.
- The Standard Rate Plan includes all countries to which the Company provides International Calling. The other Rate Plans are specialized for a certain region or group of countries.
- The "Travel Card" rate is for card calls placed within the United States. The "International Travel Card" rate is for card calls placed from a foreign country.

Usage Rates

The rates for the Company's service will depend on the length of the calls and the international location to which the call is terminated. Chargeable time begins when the connection is established between the calling station and the termination point. Chargeable time ends when the connection is terminated. All calls are rounded up to the next minute.

To determine the rates applicable to an international call to any country or area outside the contiguous United States (excluding Mexico), refer to the appropriate country code/area and its corresponding usage rate.

International calls to Mexico, country code 52, are determined using Rate Bands, which are numbered (1 through 8). To determine the band that a call falls within, refer to the Rate Band Chart in Appendix A

Terms and Conditions

Calls are billed in one-minute increments

The customer is liable for the charges for ALL outbound calls made on Customer's voice channels, even if these calls are the result of fraudulent use of Customer's services, or are wrong numbers.

Mexico Rate Band Chart

To determine the Rate Band for calls to Mexico, refer to the first four digits after Mexico's country code, which is 011-52, of the telephone number called. Then, look up the Mexico Rate Band by using the table below. For example, if the number called is 011-52-66370-XXX, the first four digits after the country code would be 6637. Thus, the call would fall within Rate Band 1 and be rated according to the Mexico Rate Chart.
