

Headsets for UCx

TPX

Improve communications
and collaboration with
Poly and Cisco headsets

Feel like you are in the office and part of the conversation with Poly headsets.

With many employees now working from home, quality headsets are playing a bigger part of business collaboration than ever before. We offer the right headset for every work style and application.

Call Center Headsets

You have enough challenges these days, your CSR's ability to connect shouldn't be one of them. Our headsets enable your team to stay productive — whether working from the office or fielding calls from home.

Office Headsets

Let's talk — it should be that simple. But there are so many headset scenarios, from open offices, to mobile work, to home offices and even kitchen tables. It's not a one size fits all situation. Fortunately, these headsets can connect you to all of your devices.

Mobile Headsets

These devices are designed with the mobile professional in mind, enabling rich audio connections no matter where your work takes you.

Poly Encore Pro 310/320 (USB)

You can have it all in a contact center headset—for you, your workers, and your budget.

Key Features

- Flexible noise-canceling microphone boom
- Unique dynamic mute alert
- Acoustic protection with G616 and TWA
- Soft, replaceable ear cushions and lightweight design
- Inline call control for easy volume adjustment and muting

Poly Encore Pro 510/520 (QD)

Improve call quality with Poly's most popular contact center headset

Key Features

- USB and RJ-9 QD Cable options (sold separately)
- Compatible with PCs and desk phones with Plantronics audio processors. Connects to PCs via a USB QD cable (sold separately)
- Soft foam ear cushions and an adjustable fit offer comfortable wearing
- Wideband audio delivers crisp, rich sound to help reduce listening fatigue
- SoundGuard technology helps protect against sudden spikes in speaker volume

Poly Voyager 4320/4310

Free your workers from their desks with the perfect entry-level wireless headset with up to 50 meters/164 feet of Bluetooth wireless range. One headset, choose your device — PC/Mac, desk phone and mobile phone connection options.

Key Features

- Noise-canceling dual-mic with Acoustic Fence technology
- Acoustic hearing protection with SoundGuard DIGITAL
- Designed for portability: use at home and in the office
- Comfortable, adjustable padded headband
- Mono and stereo wearing styles

Poly Voyager Focus 2

For the audiophile who also wants a business headset. Create a “focus zone” with the new Voyager Focus 2. All you hear is your call with three levels of hybrid active noise canceling (ANC). All they hear is you with pro-grade microphones using Poly Acoustic Fence technology.

Key Features

- Ultra-comfortable headband with sling and plush ear cushions.
- Stereo sound for calls and media/music
- Dynamic Mute Alert senses and tells you when talking while muted
- Smart sensors for answering calls, pausing music and instantly muting calls

Poly Voyager 5200

Sleek and pocket-sized, headset comfortable enough to wear all day. Workers in and out of the office will be sure nothing gets in the way of a clear connection. And workers don't have to worry about battery life due to convenient charging from the storage case.

Key Features

- All-day comfort, discreet wearing style
- Perfect for on the go with six layers of WindSmart technology and four omnidirectional microphones to reduce distracting background noise
- Easy connectivity options for your different communication needs: desk phone, PC, or mobile

Cisco Headset 730

Designed for mobile or office workers, enabling productivity in any environment with superior audio, adaptive noise cancellation, enterprise-grade security, and a sleek microphone design. Deep integrations with Cisco collaboration applications and devices allow for you to get the most out of UCx w/Webex.

Key Features

- Clear Voice boomless technology coupled with adaptive noise cancellation and background noise reduction delivers crystal clear audio
- Switch between Noise Cancellation (NC) to focus in any environment or Ambient (AMB) to easily collaborate with others
- Bluetooth® (5.0) to connect on the go to any device that supports Bluetooth; simultaneously connect up to 2 devices
- On-ear buttons for easy call and music control
- Mobile app to configure your headset for an exceptional experience; easily adjust equalizer settings, configure features, and discover all that your headset offers
