TPx Safeguards Rule Solutions

As a national managed services provider, TPx helps make IT and cybersecurity easy for SMBs. Our depth of expertise enables us to offer standards-based security consulting services developed from our experiences in solving strategic and operational challenges for customers. All of our offerings are based on the best practices derived from Information Security Standards and our extensive experience deploying, operating and securing environments nationwide. Our thorough understanding of security enables us to provide our customers with the confidence that their security program is constructed and executed in alignment with the applicable regulatory framework(s). If you are looking to be compliant with the new FTC Safeguards Rule and need a helping hand, consider TPx.

Solutions Overview	Create	Maintain & Report	Complete
Risk/gap assessment	■	■	■
Risk/gap assessment of service providers	■	■	■
Policy creation and governance definition [1]	■		■
Security program documented	■		■
Quarterly review and annual report to the Board		■	■
Keep your information security program current		■	■
Verify enforcement of policies [2]		■	■
Business review		■	■
Periodic monitoring of security operations		■	■
Starting price per month	**$933**	**$1,283**	**$1,867**

Optional Add-Ons	
Vulnerability & penetration scan (Vuln: 2X yearly; Pen: 1X yearly)	$1,060
Secure software development lifecycle policy doc (SDLC)	On request
AppSec assessment	On request
Develop incident response plan	$700
Train your staff (SAT)	$4.50/email per license
Inbox Detection & Response (IDR)	$4.99/email per license

[1] Policies included: System Security Plan, Access Control, Asset Management, Encryption, MFA, Data Retention/Disposal, Change Management, Log/Activity Monitoring, Incident Response Plan.

[2] Does not include technical implementation work to deploy or configure controls. For example, TPx will not configure logging for Windows authentication or implement Multi Factor Authentication (MFA) for a customer.

Multi-year plans are available which reduces the monthly cost

Costs for services are impacted by size of organization (employees), and number of IP addresses to be scanned
