

CTAP Social Posts

Here are suggested social posts you can use on LinkedIn to generate interest in our free CTAP assessment. The images are available separately in the toolkit.

Post 1 (long):

Do you know what is happening on your network? Identify your security risks and understand your network usage with TPx's cyber threat assessment (CTAP). With just about 30 minutes of your time, and in less than 7 days, you get a free report and insights on the state of your network at no cost and with no obligation! Reach out to me to learn more.

OPTIONS

Post 2 (short):

Improve your business's security, productivity, and performance at no cost, with no obligation to buy. With a free cyber threat assessment (CTAP) we offer, you have nothing to lose, only gain! Reach out if you want to learn more.
