

Yealink Phones & Accessories for UCx

Yealink desk phones bring you HD audio and high expandability for greater interoperability.

HD Audio

The Yealink T33G provides distraction-free communications with industry leading Smart Noise Filtering Technology, which delivers excellent sound quality without extraneous noises and allows fluent conversations.

The Yealink T54W and T57W business phones are designed with Yealink Acoustic Shield technology to deliver distraction-free voice clarity for participants.

High Expandability for Great Interoperability

Proven reliability and integrations for Yealink Device Management Platform, an installed unified firmware, T33G

is simple to deploy and manage, which allows a significant reduction in maintenance cost.

The Yealink T54W and T57W Business Phones have enriched advanced connectivity features for unparalleled flexibility and scalability.

- Built-in Bluetooth 4.2 for wireless headset and mobile phone connection to enhance the mobility
- Built-in Wi-Fi 2.4G/5G to help businesses maximize the use of wireless network

Yealink SIP-T33G

4-line entry-level IP desk phone

This high performance IP phone brings a comfortable and clear visual experience for users. Designed with a new powerful chip for improved work efficiency. The features allow the SIP-T33G to be a high-quality but cost-effective classic IP phone that maximizes productivity in both small and large office environments.

Key Features

- 2.4" 320 x 240 pixel color display
- LCD backlight
- 4 line keys
- 12 memory keys (4 pages of 3 keys)
- Dual-port Gigabit Ethernet
- PoE
- Adjustable height

Yealink SIP-T54W

10-line mid-level IP desk phone

Prime Business IP phone, ideal for professionals and managers with moderate call load. Built-in Bluetooth and Wi-Fi technology. USB port allows for drive recording, headset or up to three Yealink EXP50 expansion modules. The Yealink SIP-T54W is a powerful and expandable office phone that delivers desktop efficiency and productivity.

Key Features

- 4.3" 480 x 272pixel color display
- LCD backlight
- 10 line keys
- 27 memory keys (3 pages of 9 keys)
- Dual-port Gigabit Ethernet
- PoE
- Built-in Bluetooth 4.2
- Built-in dual band 2.4G/5G Wi-Fi (802.11a/b/g/n)
- 1 USB 2.0 port
- Adjustable LCD screen
- Expansion module – EXP50 (purchase separately)

Yealink SIP-T57W

Touch Screen premium-level IP phone

Prime Business IP phone for executives and busy managers with heavy call load. Built-in Bluetooth and Wi-Fi wireless technology. USB port allows for drive recording, headset or up to three Yealink EXP50 expansion modules. The Yealink SIP-T54W is a powerful and expandable office phone with touch screen that delivers optimum efficiency.

Key Features

- 7" 800 x 480 capacitive adjustable touch screen
- LCD backlight
- Touch screen
- 29 one-touch DSS keys
- Dual-port Gigabit Ethernet
- PoE
- Built-in Bluetooth 4.2
- Built-in dual band 2.4G/5G Wi-Fi (802.11a/b/g/n)
- 1 USB 2.0 port
- Adjustable LCD screen
- Expansion module – EXP50 (purchase separately)

Yealink EXP50

Expansion module

Color-screen expansion module for Yealink T54W/T57W IP phones. It provides you with a simple user interface and advanced call handling capabilities. The EXP50 is an ideal solution for receptionists, administrative assistants, and contact center workers to monitor contacts and manage a large volume of calls with ease.

Key Features

- 20 physical keys with dual-color LED indicator
- 3 control keys with illuminated LED for fast page switch for 40 additional keys
- Supports up to 3 modules daisy-chained
- Stand with 2 adjustable angles
- USB port (2.0 compliant) for data in and out
- Programmable for shared line, BLF List, call park, conference, forward, group pickup, group listening

Yealink W76P

Wireless DECT handset

Designed for business use. With excellent battery life and high compatibility, it combines the benefits of wireless communication with the rich business features of Voice-over-IP telephony. Empower users with convenient wireless communication and excellent speech quality. The attractive design features a 2.4" color screen with modern looks.

Key Features

- 400 hours standby time
- 30 hours talk time
- 3.5 mm headset
- Range: 50m indoor/300m outdoor
- Supports 10 SIP accounts
- 20 simultaneous voice calls

Yealink W79P

Ruggedized SIP wireless phone system

Can register 10 Yealink ruggedized DECT W59R handsets, designed for complicated or harsh locations. High-quality voice calls with noise cancellation technology and the Opus codec for professional audio in both high-bandwidth and poor network conditions. Yealink's Redirection and Provisioning Service (RPS) and Boot mechanism help you achieve near zero touch provisioning without complex manual settings. Wireless communication anytime, anywhere.

Key Features

- 360 hours standby time
- 28 hours talk time
- Bluetooth headset
- Range: 50m indoor/300m outdoor
- Supports 10 SIP accounts
- 20 simultaneous voice calls
- Vibration
- Bluetooth
- Alarm Function

Yealink CP925 Conference

For small to medium-sized rooms

A touch-sensitive HD conference phone features a black acoustic fabric impervious to accidental liquid spills and a fingerprint-proof LCD screen. A clear UI interaction page makes it easy to control the meeting. In addition, you can connect CP925 to your mobile device (such as smartphone) via Bluetooth to achieve a hybrid UC meeting. As a valuable complement for your conference room, Yealink concentrates on users themselves, giving you an easy, clear, and engaging business conference experience.

Key Features

- 4" capacitive touch screen with optimal HD audio
- Yealink Noise Proof Technology, Smart Noise Filtering
- 20-foot (6-meter) microphone pickup range
- Built-in 6-microphone array for 360-degree voice pickup
- Built-in microphone for noise cancellation
- Full-duplex speakerphone with AEC
- 5-way conference call
- 3-way PSTN conference via Yealink CPN10 (optional)
- Built-in Bluetooth/Wi-Fi
- Power over Ethernet (IEEE 802.3af), class 3
- 1 x USB 2.0 Type-C port
- Supports Yealink Device Management Platform

Yealink CP965 Conference

For medium to large-sized rooms

Based on Android 9.0 system, this is a flagship HD conference phone with powerful voice conferencing features and easy control operation. It features a black acoustic fabric impervious to accidental liquid spills and a fingerprint-proof LCD screen. You can connect CP965 to your mobile device via Bluetooth or USB to achieve a variety of UC hybrid meeting modes. CP965 can also connect with 3 CPs in star shape to realize synchronous sound pickup and playback.

Key Features

- 5" capacitive touch screen with optimal HD audio
- Yealink Noise Proof Technology, Smart Noise Filtering
- 20-foot (6-meter) microphone pickup range
- Built-in 12-microphone array for 360-degree pickup
- Built-in microphone for noise cancellation
- Full-duplex speakerphone with AEC
- 10-way conference call
- Analog PSTN calls via Yealink CPN10 (optional)
- Built-in Bluetooth/Wi-Fi
- Power over Ethernet (IEEE 802.3at), class 4
- 1 USB 2.0 Type A port, 1 x USB 2.0 Type-C port
- Supports DECT wireless expansion mic CPW65
- Supports Yealink Device Management Platform

Yealink CPW65 Wireless Mic

Two expansion mics for the CP965

Solves the bottleneck of sound pickup in large meeting rooms. It comes with a black fabric cover and has water-resistant, grease-resistant, and antifouling properties.

Key Features

- Optima HD voice
- Full duplex technology
- 11-day standby time and 13-hour talk time
- 10-foot (3-meter) 360-degree voice pickup
- Up to 20-meter connection distance with CP965
- Place-and-Charge Charging cradle
- Intuitive capacitive mute buttons
- Capacitive mute touchpad
- Echo cancellation
- DECT Technology

Yealink UH34

USB Wired Headset (Mono & Dual)

A lightweight form factor that is comfortable to wear, even for an entire workday. It's suitable for workers who spend a lot of time wearing headsets for voice communications. Provided with Yealink USB Connect software and Yealink Device Management Platform/Cloud Service.

Key Features

- HD Voice/Wideband speaker performance
- Noise-canceling microphone and passive noise cancellation
- ActiveProtection technology safeguards users from acoustic injury
- Integrated LED indicator and warning tone
- 320° bendable boom arm for easy adjustment without breaking.
- Optional connections for UH34: USB-C, 3.5mm jack

General

- Headset cable length: 1.2 m (from headset to call control unit)
- USB cable length: 0.9 m (from call control unit to USB plug)
- Supported operating systems: Microsoft Windows® 8/8.1/10, Apple Mac OS

Yealink YHS34

QD to RJ Port Wired Headset

Over-the-head style headset which is made for office worker, SOHO, or call center staff. It supports QD (Quick Disconnect) feature, and is a professional analog wired headset with crystal clear audio. Available in monaural and binaural, it is compliant with the full range of Yealink enterprise IP phones.

Key Features

- Plug-and-play
- RJ9 connectivity to Yealink IP phones
- HD Voice/Wideband speaker performance
- Noise-canceling microphone and passive noise cancellation
- ActiveProtection technology safeguards users from acoustic injury
- 330° bendable boom arm for easy adjustment without breaking

General

- Headset cable length: 0.9 m
- QD to RJ cable length 1.2 m

Yealink WH62

Wireless DECT Headset (Mono & Dual)

Yealink Full-band Audio Technology and Acoustic Shield Technology make you talk and hear clearly during phone calls. With easy on-ear control, interruption free, comfortable wearing, WH62 is a nice partner either for communicating or collaborating.

Key Features

- 5 feature buttons
- 2 micro USB 2.0 port
- USB connectivity to PC and IP phone
- Integrated busylight LED indicator
- Boom arm adjustable: 320°
