MODEL

### Yealink WH64 Dual

Wireless – desk-based teams

## WHY IT MATTERS

Every interaction shapes the customer experience. With the right platform and the right equipment, you can deliver:

- Clear, professional conversations across every channel
- Faster resolutions with fewer misunderstandings
- More productive agents equipped for all-day performance

Companies that prioritize customer experience see higher loyalty, retention, and revenue impact—making every interaction count.

## WHY ACT NOW

- Equip more agents from day one, at no extra cost
- Reduce upfront hardware costs significantly
- Stay competitive with providers offering bundled devices
- Launch with a fully optimized agent experience from the start

## POWERED BY UCX CONTACT CENTER – AI-FIRST, OMNICHANNEL READY

This promotion pairs premium hardware with a modern, AI-powered contact center platform. Together, you get better conversations and better outcomes.

### Omnichannel Engagement

Voice, chat, SMS, and email – unified in one platform

### Intelligent Skills-Based Routing

Match every customer to the right agent, every time

### AI Insights & Automation

Improve efficiency with intelligent, real-time recommendations

### Real-Time Reporting & Visibility

Live dashboards and analytics to monitor team performance

### Seamless CRM & Business App Integrations

Connect with your existing tools to create a fully integrated agent experience with no workflow disruption
